How to Show Custom Questions on a Quiz Certificate

Video About: How To Customize Your Quiz Completion Certificate

With ProProfs Quiz Maker, you can easily customize and brand quiz certificates. You can either:

- Use one of our ready-made templates to create quiz certificates in minutes

- Design your certificate that shows the answers of quiz-takers to the custom questions, you have asked them at the beginning of the quiz.
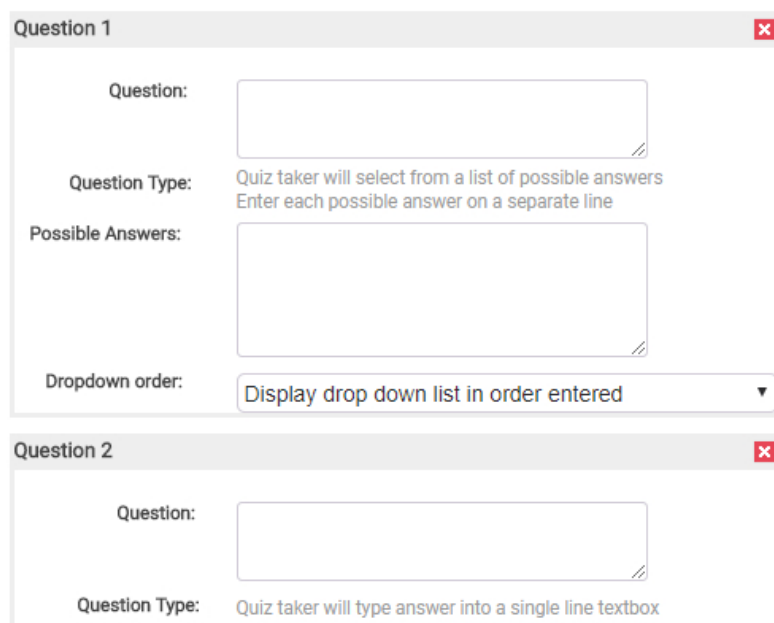

What are custom questions?

You can capture specific details of quiz takers such as their names, email addresses, phone numbers, etc. before they begin a quiz.

You can also ask them custom questions using 'Choose from list' or 'Write in textbox' question type. These details will be asked at the beginning of the quiz and will reflect on the certificate at the end. In the below image Question 1 is 'Choose from list' while Question 2 is 'Write in textbox'.

Let's look at the steps on how to add custom questions to the quiz certificate.

Step 1. Go to "Security" settings tab and select 'Yes' for "Ask my own question," to create a custom question.
