

How to Integrate Infusionsoft With Quiz Maker

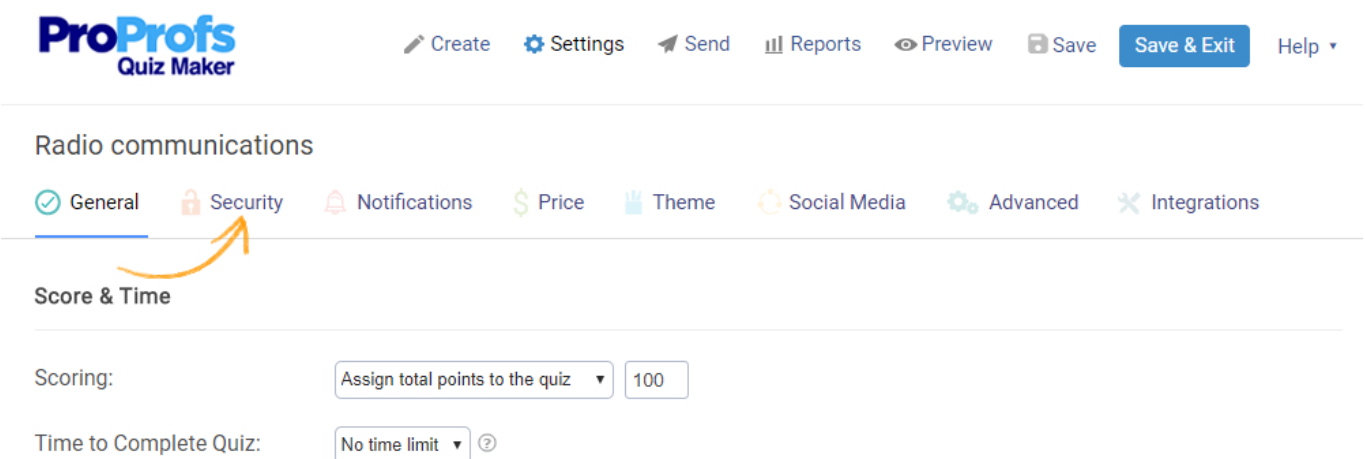

[ProProfs Quiz Maker](#)'s Integration with Infusionsoft allows to capture learners' information (name and email) and automatically adds it as a lead in InfusionSoft. This information can also be sent to various lists in your InfusionSoft account.

Let's look at how you can set up this integration in a few steps:

Step 1: To start importing the details of the learners every time they [take a quiz](#), start by selecting the quiz you want to use for lead generation and click "Settings."

Step 2: On the settings page, click on the "Security" tab.

Step 3: When the "Security" page opens, under tracking configuration choose "yes" in email tab. Save the changes and click the "[Integrations](#)" tab.
