

How to Integrate Zoom Meetings With ProProfs Classroom

Create and send the Zoom meeting invites directly from your classroom to your learners by integrating Zoom Meetings with the ProProfs Quiz Maker. Integration is easy - all you need is a one-time update of the Zoom API key in your ProProfs Classroom, and you're good.

Benefits of connecting Zoom Meetings with ProProfs Classroom:

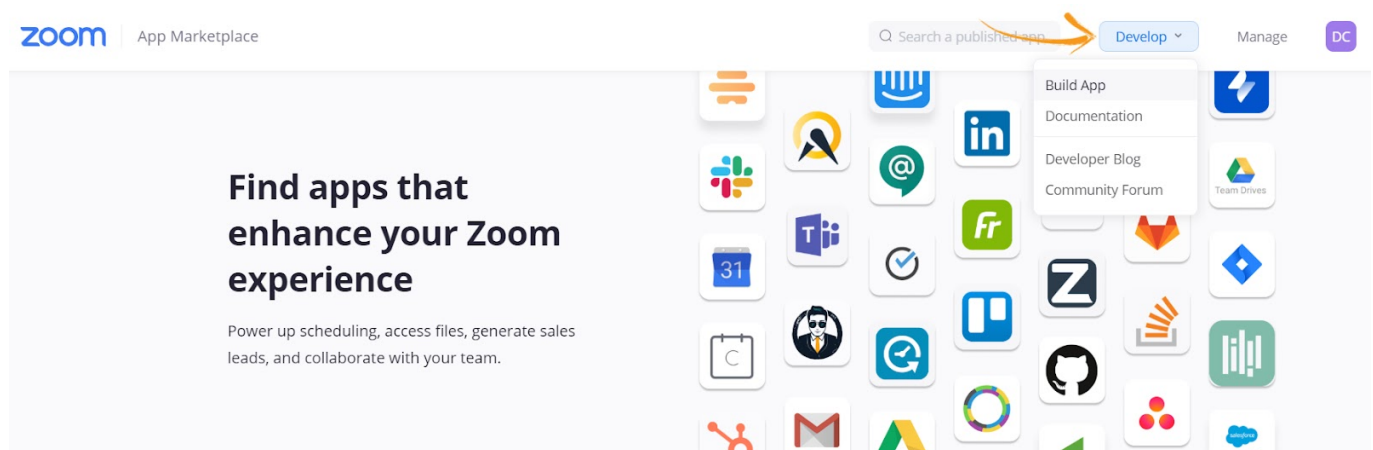

- You will be able to create Zoom meetings without ever leaving your ProProfs Classroom.
- Share Zoom meeting links with groups and individuals within the Quiz Maker.

In this article, you'll learn how to:

1. [Obtain the API key and the API Secret key from Zoom](#)
2. [Finish registering the API keys in ProProfs Quiz Maker and completing the integration](#)
3. [Create Zoom meetings from within your ProProfs classroom](#)

Here's how you can get the API key and the API Secret key:

Step 1: Log in to your **Zoom account**, go to the '**Marketplace**' and click '**Develop**' >> '**Build App**.'

Step 2: Click '**Create**' under the JWT app type.

JWT

Step 4: Go to your **ProProfs Quiz Maker Classroom**.

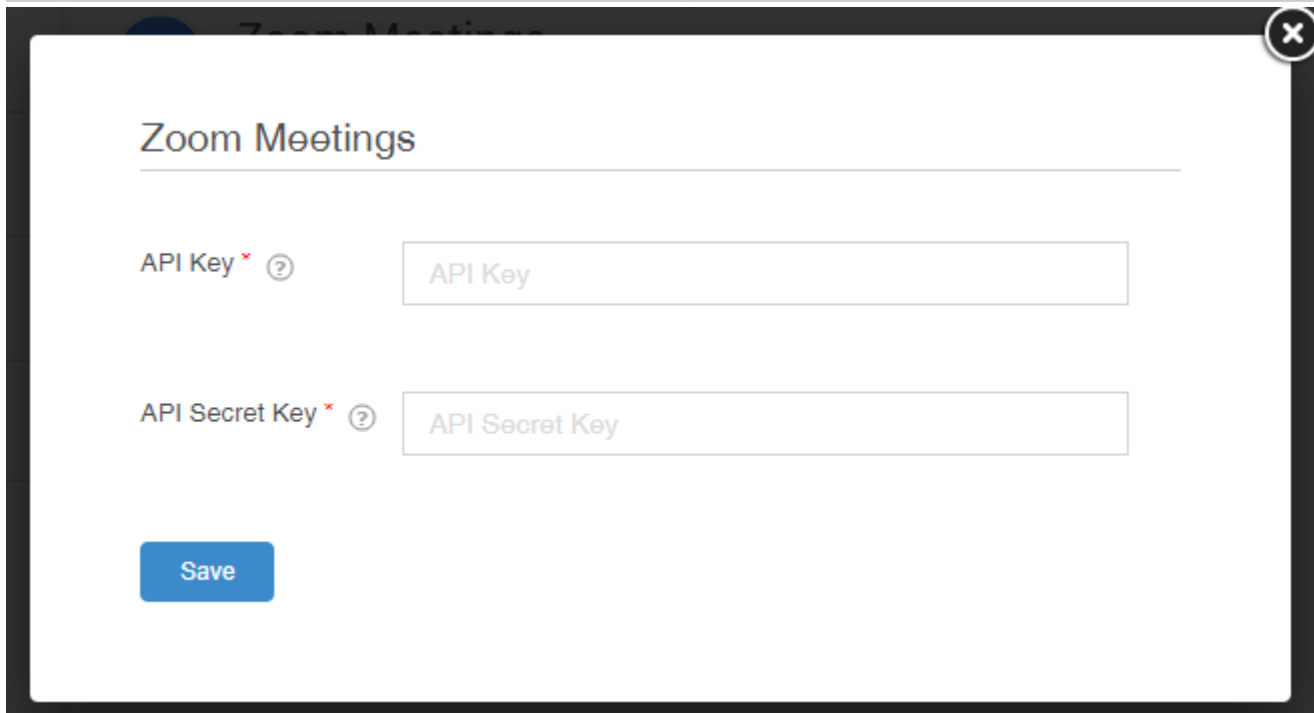

Step 5: 'Edit' a classroom where you want to enable **Zoom Meetings**.

Step 6: Under Integrations, enable '**Zoom Meetings**.'

Step 7: Enter the **API key** and the **API Secret key** that you obtained from the Zoom marketplace. When you're done, save. The integration is complete.

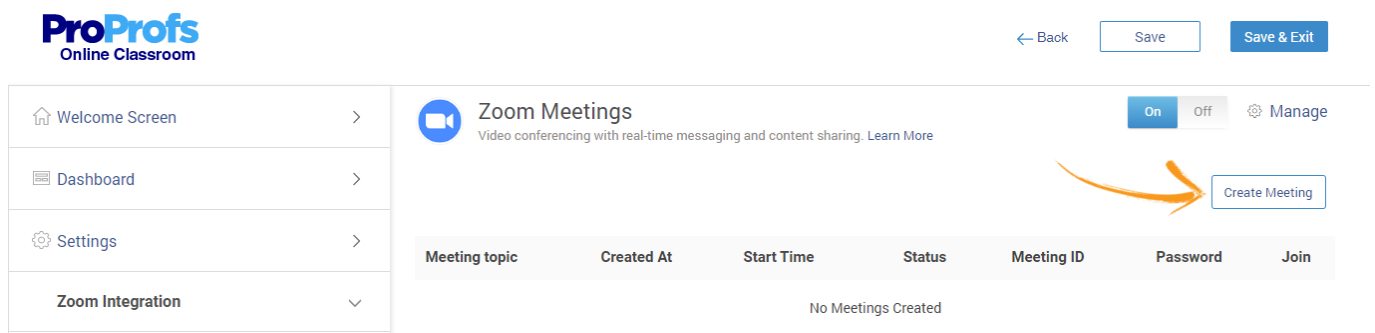

A screenshot of a 'Zoom Meetings' integration form. The form has a title 'Zoom Meetings' at the top. Below the title, there are two input fields: 'API Key' and 'API Secret Key'. Each field has a red asterisk and a question mark icon to its left. Below these fields is a blue 'Save' button. The form is enclosed in a dark border with a close button (X) in the top right corner.

After the integration, you will see the option for creating new zoom meetings.

To create a new Zoom meeting:

Step 8: Click 'Create Meeting.'

A screenshot of the ProProfs Online Classroom interface. On the left is a sidebar with navigation links: 'Welcome Screen', 'Dashboard', 'Settings', and 'Zoom Integration'. The main content area is titled 'Zoom Meetings' and includes a description: 'Video conferencing with real-time messaging and content sharing. Learn More'. There are three buttons at the top right: 'Back', 'Save', and 'Save & Exit'. Below the title, there are two toggle buttons: 'On' (selected) and 'Off', and a 'Manage' button. A large orange arrow points to a 'Create Meeting' button. Below this is a table with columns: 'Meeting topic', 'Created At', 'Start Time', 'Status', 'Meeting ID', 'Password', and 'Join'. The table currently shows 'No Meetings Created'.

Step 9: Enter the required details in the pop-up window below and click 'Create Meeting.'

Step 10: Here's how a Zoom meeting created with ProProfs Classroom looks like, as shown in the screenshot below. You can do the following after the session is created:

- **Start the meeting by clicking the Start Meeting option.**
- **To share the joining details of the meeting with your users, click the meeting name under the column Meeting topic.**
