

How to Brand a Classroom

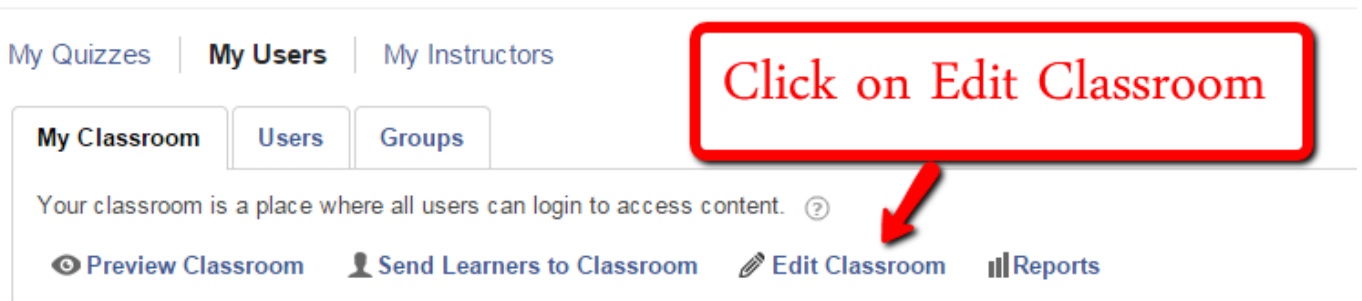

With ProProfs, you can create greater brand awareness and recognition among your learners by adding a custom logo to your classroom.

Your learners will be able to view your brand's logo as soon as they log in to the [classroom](#). This helps your learners to identify your brand's values and personality.

Steps to brand your classroom:

Step 1: Go to your "My Users" and click on "Edit Classroom".

Step 2: Here, you can change the title of your classroom and add a suitable description. Finally, add your company's logo and save your settings.
