

# How to Customize Quiz Results Page

With [ProProfs Quiz Maker](#), you can **hide/unhide quiz results, certificates** and **correct & incorrect answers** from learners.

Not only this, but you can also **customize** the message that shows up on the quiz results page and **enable/disable** multiple quiz attempts with just a single click.

With results page customization features, you can:

1. **Control** what components of the results page are visible to quiz takers
2. **Enable/disable** the custom message
3. **Show/hide** a certificate
4. **Enable/disable** reattempts

Here's how the custom message will appear to the quiz taker when you have disabled quiz results for quiz takers.

Thank you for taking the test. The test admin will get back to you with the results shortly.

When you **enable** the option to show results and certificates, the quiz taker will see something like this:

Thank you for taking the test.

1. [How to Show/Hide Quiz Results](#)
2. [How to Enable/Disable & Edit/Delete the Custom Message](#)
3. [How to Enable/Disable the 'Try Again' Button for Quiz Takers](#)

## 1. How to Show/Hide Quiz Results

**Step 1:** In your Quiz Maker account,

- **Select** the quiz you want to customize the results page for
- Click '**Settings**'
- Scroll down to **Quiz Report** section

**Step 2:** Here, you can find multiple settings to **enable/disable** with just a click.

- First, enable the '**Customize report for quiz taker**' option and **enable/disable** options based on your preference.
- Disable '**Show result**' to hide the pass/fail result from the quiz takers.
- You can also choose to **show/hide** the certificate.

**Step 2:** A **custom message** is an optional tool that quiz administrators can use to share **additional information** with quiz takers along with the **test results**. If you **don't** want any **special message** to appear, just **disable** this.

- Type in your **custom message** in the box.
- Click '**Save**.'

A screenshot of a web interface for setting a custom message. At the top right is a close button (X). Below it, the text "Type custom message below" is followed by a large text input box. Inside the box, the text "Thank you for taking the test. The test admin will get back to you with the results shortly." is entered. Below the input box is a blue "Save" button, which is pointed to by an orange arrow.

### 3. How to Enable/Disable the 'Try Again' Button for Quiz Takers

**Step 1:** In the **Quiz Report** section, you will find the option to enable/disable more than one quiz attempt.

- To limit the quiz taker's attempts, disable the '**Show "Try Again" button**.'
