

What Is the Limit on the Number of Quizzes & the Questions?

With ProProfs you can:

- Create unlimited [quizzes](#)
- Add unlimited questions per quiz
- Allow unlimited quiz takers to [take your quiz](#)

The above is true for all free & paid accounts.

However while unlimited students can take your quiz and get their results, we do not store, analyze or make the results available to you in the free accounts. The free account is just a trial (first 10 results are free) or for fun/casual quizzes.

If you [upgrade to the premium version](#), we give you unlimited storage & analytics and lots of other premium features.
