What Are the Benefits of HTML5 in ProProfs Quiz Maker?

ProProfs is an HTML5 Quiz Maker. The use of this technology ensures that you can access your quizzes from anywhere at anytime.

There are multiple benefits of using HTML5 to power your quizzes, such as:

Your quizzes are compatible with all kinds of mobile devices: HTML5 is mobile friendly, which means that your quizzes will run across multiple mobile devices such as iPhone, iPad, Android etc.

Your quizzes run on multiple browsers: HTML5 technology ensures that your quiz runs across all kinds of browsers such as Internet Explorer, FireFox, Google Chrome, Safari etc.

Your quizzes load faster: HTML5 web pages are lightweight and responsive, ensuring that your learners do not have to wait for the quizzes to load while taking an online test.
