

How to Show Quiz Scores Based on Tags in Learner Reports

With ProProfs you can show topic-based results to learners, which helps them identify the areas where they are showing progress and where they need to work harder.

Please note that to show topics-based results to learners you must first create questions based on topics. [Learn how](#)

Here's how the topic-based report will appear to your learners:

Science Quiz

Report Summary

Result	Pass		
Name	Solomon Renshaw	Score	181.5 out of 255 (71.18%)
Answered Correctly	22 Questions	Answered Incorrectly	13 Questions
Partially Correct	1 Question	IP Address	██████████
Required Passing Grade	70 %	Date	Jan 14, 2019
Time Taken	4 mins 4 secs		

Tag Based Results

Biology: 37.5 / 55 Points (68.18%)
Chemistry: 45 / 92.5 Points (48.65%)
Physics: 79 / 107.5 Points (73.49%)

Follow these steps to show scoring based on topics in learners' reports:

Step 1. To show topic-based results, you have to [tag the questions according to topics](#).

Step 2. After adding tags to your questions navigate to "Settings" ----> "General." Under the 'Order' section select "Shuffle Questions" for 'Order of Questions' and choose "Select by tags" for 'Number of Questions,' then set up the number of questions according to the tags you have

used.

Order

Order of Questions: [Reorder Questions](#)

Number of Questions: 

Number of Questions	Tags	
<input type="text" value="Select 9 questions"/>	<input type="text" value="Biology"/>	9 Questions found
<input type="text" value="Select 13 questions"/>	<input type="text" value="Chemistry"/>	13 Questions found
<input type="text" value="Select 15 questions"/>	<input type="text" value="Physics"/>	15 Questions found

[+ Add another](#) Total selected questions : 37

Number of Attempts Allowed: [?](#)

Step 3. When you have set-up the order of questions navigate to the 'Quiz Report' section and enable "[Customize quiz report](#) at the end" then enable "Show result by tags." Save the settings to implement the changes.

Quiz Report:

Customize report for quiz taker	Example Report	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	?
Show certificate		<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	?
Show custom message at the end of quiz		<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	?
Show score (Ex: 70 out of 100)		<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	
Show result (Ex: You Passed!)		<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	
Show result by tags		<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	?
Show "Try Again" button		<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	?
Show report with each question graded as correct or incorrect:		<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
