

How to Enable Social Sharing for a Quiz

ProProfs Quiz Maker lets you add social media buttons on your quiz result page to allow quiz takers to share results. If you do not want to include this option, you can easily disable it.

How does social sharing of quiz results benefit you?

By enabling the sharing of quiz results on social media platforms, such as Facebook or Twitter, you can attract more leads and traffic to your business.

Here's an example of how your quiz result page will look when you enable social sharing for the quiz:

Personality Quiz

Your Personality

Thor

You are Thor! You are brave and strong, and you will protect your family and nation at all costs.
