

How to Send Users Back to a Website at the End of the Quiz

ProProfs Quiz Maker allows you to redirect the quiz takers back to your website by showing a custom message at the end of the quiz. Using this setting, you can place a link in your custom message to direct quiz takers to the targeted URL.

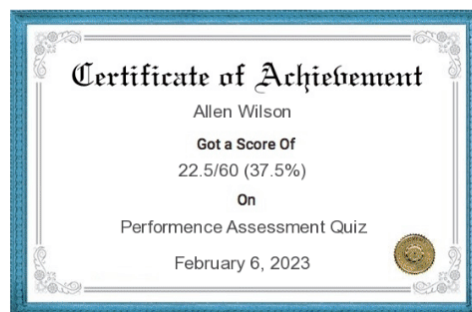

Follow the step-by-step guide below to see how to enable this quiz setting.

Here's how users can be redirected to a website after they complete a quiz:

Thank you for taking this quiz.

Your Score

Redirecting quiz takers to your targeted URL:

- Increases the website retention time
- Converts your prospects into leads
- Increases the number of returning visitors on your website

How to Send Users Back to a Website at the End of the Quiz

Step 1: Navigate to the quiz and click **"Settings."**
