

How to Send Users Back to a Website at the End of the Quiz?

To send users to a certain website at the end of the quiz, you can opt to "Show a custom message at the end of the quiz" and create a message that links to the website and asks users to click on the link. This is the second option shown when you [customize end of quiz report](#). [You can also create custom results](#) (based on score range) to show different links and message based on a score range.
