

How to View the Time Taken per Quiz and Question

ProProfs lets you see both times taken by a learner to complete the entire [quiz](#) as well as time spent on each question of the quiz.

Step 1: Click on the figure displayed under "Reports"

Step 2: "Time Taken" column shows total time taken by different learners to complete the quiz.

Step 3: You can view time taken by a learner to answer a particular question in the quiz. To see time spent by a particular learner on each question of the quiz, click on the 'eye icon' (which displays the user score reports) under "Reports".
