

How to Create a Timed Quiz

There are numerous ways to [prevent cheating on your quiz](#). One of the best ways is to [create timed quizzes](#), so learners only have enough time to finish a test and not enough to find answers from books, internet, etc.

You can also adjust the date and time settings to [disallow attempts on your quiz after a certain date](#).

To set a time limit, navigate to "Settings" ----> "General Settings" and select the time under 'Time to Complete Quiz.' Click "Save" to secure the changes.
