

# How to Enable Email Notifications for My Quiz

With ProProfs, you can configure email notifications so that you are notified when someone takes your quiz. To enable this, go to 'Settings' page, under 'Notifications' enable the option which says, 'Send me an email when someone takes my quizzes.' Click "Save," and you are done.

## Market Research Quiz

**Alerts:** Send me an email when someone takes my quizzes.  Yes  No

Email  to quiz takers on quiz completion  Yes  No

Email  for every attempt on this quiz to   Yes  No

Besides receiving notifications, you can also automate email notifications for learners and other stakeholders:

**1) Send email notifications to your learners** - You can include information such as their quiz score, certificates, and full report.
