

How to Save and Resume Quiz Progress

With the save & resume feature, you can allow learners to take breaks while taking an [online test](#). Learners can save the progress they have made on a particular quiz and then resume the quiz right from where they left, without having to start from the beginning. They can come back, in a day or even a week, and resume the quiz right from where they left it.

Benefits of save and resume feature:

- Learners can effectively set their own pace of learning and take lengthy quizzes at their convenience
- Learners can assimilate information better and finish quizzes more quickly
- Learners can effectively handle interruptions by saving their progress on a quiz and returning to it later

Follow the step below to enable save and resume feature for your quiz:

Step 1: Go to **Settings** page and enable **Email** or **ID** from **Security** settings.

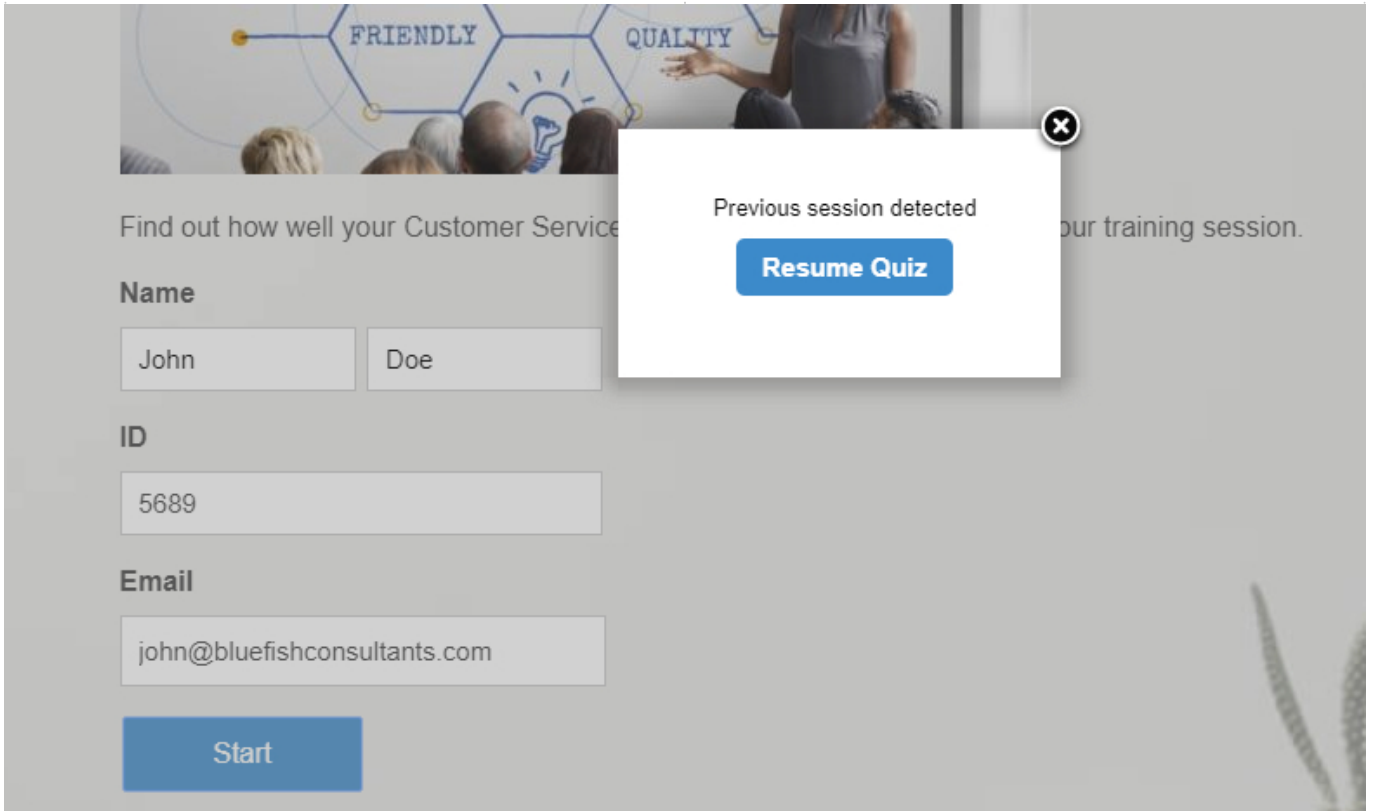

The screenshot shows the Security settings page with three toggle options: Name, Email, and ID. Each option has a 'Yes' button (highlighted in blue) and a 'No' button. An orange arrow points from the 'No' button of the 'Email' option to the 'No' button of the 'ID' option. Below the 'ID' option, there is a checkbox labeled 'Rename 'ID' to something else:' followed by a text input field containing 'Ex. Student ID,'.

Step 2: Go to Advanced tab check the box which says **Save & Resume Quiz** and save your settings.

The screenshot shows the Advanced settings page with three options: Quiz Availability, Save & Resume Quiz, and Option Labels. 'Quiz Availability' has 'Always' and 'Custom' buttons, with 'Custom' highlighted. 'Save & Resume Quiz' has 'Yes' and 'No' buttons, with 'Yes' highlighted. 'Option Labels' has 'Show' and 'Hide' buttons, with 'Hide' highlighted. An orange arrow points from the 'Custom' button of 'Quiz Availability' to the 'Yes' button of 'Save & Resume Quiz'.

This is how it will look like to the learner while resuming the quiz.

The screenshot shows a quiz interface with a background image of a person presenting to an audience. A modal window is overlaid on the interface, displaying the text "Previous session detected" and a blue button labeled "Resume Quiz". The background interface includes a "Name" field with "John" and "Doe", an "ID" field with "5689", an "Email" field with "john@bluefishconsultants.com", and a blue "Start" button. The text "Find out how well your Customer Service" and "our training session." is partially visible in the background.
