

# Does Quiz Maker Require an App for Mobile & Other Devices?

ProProfs quizzes work across all kinds of platforms and mobile devices whether it be a **smartphone, tablet, or laptop**. We use HTML5 technology, which ensures that the images, videos, PPTs, PDFs that you upload to your [quizzes](#), seamlessly run across all kinds of mobile devices such as an iPhone, iPad, Android, and more. The ease of use is incredible as your learners can simply log in to ProProfs from their mobile devices and start taking the quizzes without having to download or install any quiz app.

ProProfs offers a seamless mobile experience so that **learners can take a quiz from their smartphones, without downloading any app**.

**Works across all devices including iPad, iPhone, Android, Laptop**
