Text Filters
Permissions

These are the text filters that will be applied to articles submitted by users in the selected groups. These filtering options give more control over the HTML your content providers submit. You can be as strict or as liberal as you require to suit your site needs. The filtering is opt-in and the default settings provide good protection against markup commonly associated with Web site attacks.

Filter Groups	Filter Type	Filter Tags	Filter Attributes
Public	No Filtering		
└ Manager	No Filtering		
└ └ Administrator	No Filtering		
└ Registered	No Filtering		
└ └ Author	No Filtering		
└ └ └ Editor	No Filtering		
└ └ └ └ Publisher	No Filtering		
└ └ └ Shop Suppliers	No Filtering		
└ └ Customer Group	No Filtering		
└ Super Users	No Filtering		

Step 8: Click on "New", then paste embed code and click on "Save & Close".
