

How to Share Quizzes With Your Learners

ProProfs Quiz Maker is an online quiz creation tool that allows you to create and share quizzes with your learners. With ProProfs Quiz Maker, you can email a quiz, share the URL directly or through social media, embed it, or even download & share its unique QR code.

Mixing different methods will ensure your quiz reaches the maximum target audience.

Watch this quick video guide to learn about quiz sharing in ProProfs Quiz Maker:

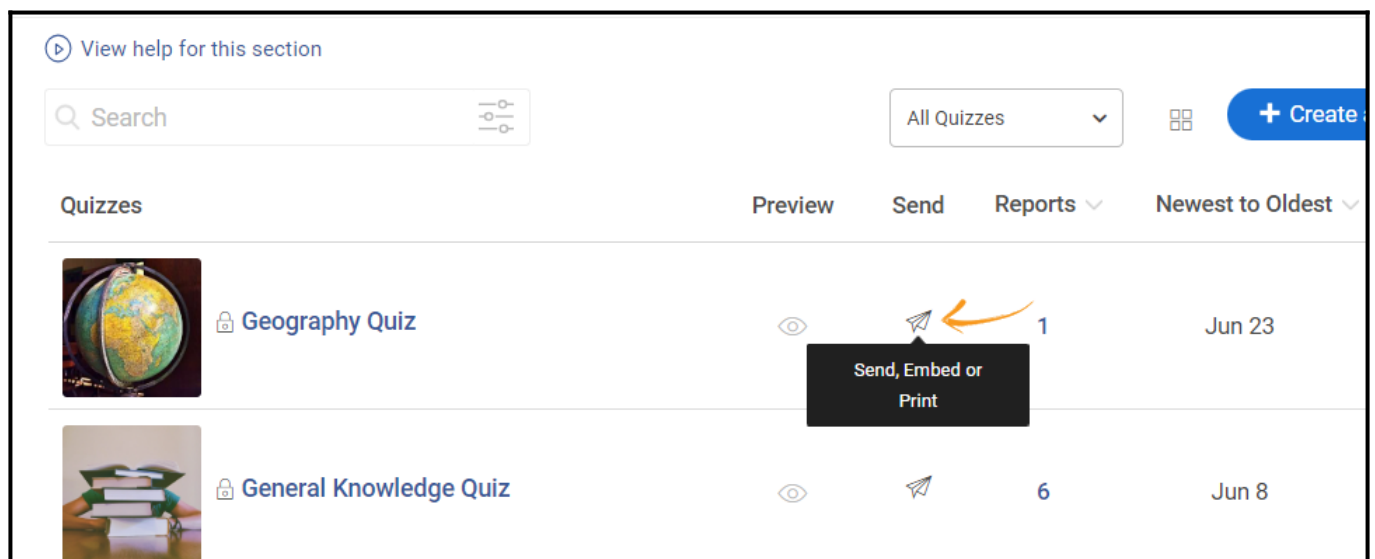

Skipped the video? No problem, check out our step-by-step guide.

Benefits of sharing quizzes with your learners:

- **Enhanced Learning Engagement:** ProProfs Quiz Maker fosters active participation and reinforces existing knowledge while stimulating curiosity in new subjects, creating an engaging learning experience for students.
- **Seamless Integration and Accessibility:** With multiple sharing options like email, URL, social media, embedding, and QR codes, ProProfs Quiz Maker ensures easy integration into various platforms, making quizzes accessible to learners across devices and channels.
- **Data-Driven Insights:** ProProfs Quiz Maker provides valuable data for future learning plans, allowing you to analyze results, identify knowledge gaps, track progress, and make informed instructional decisions for personalized and effective teaching.

To share quizzes with your learners:

Step 1: Click the **Send** icon of a quiz on your ProProfs Quiz Maker dashboard.

Step 2: In the Share Quiz dialog, you can use any of the following options to share your quiz.

1. Email- Share your quiz via email to users or groups. Additionally, you can customize the email invite and save it as a template to use later. Also, you can send test emails to see what the invite will look like to the recipients. Once done, click **Send**.

Email Share via Embed Print QR code

3. Embed- You can embed the quiz on your website by copying and pasting the embed code. You can select the size from the drop-down or enter custom dimensions.

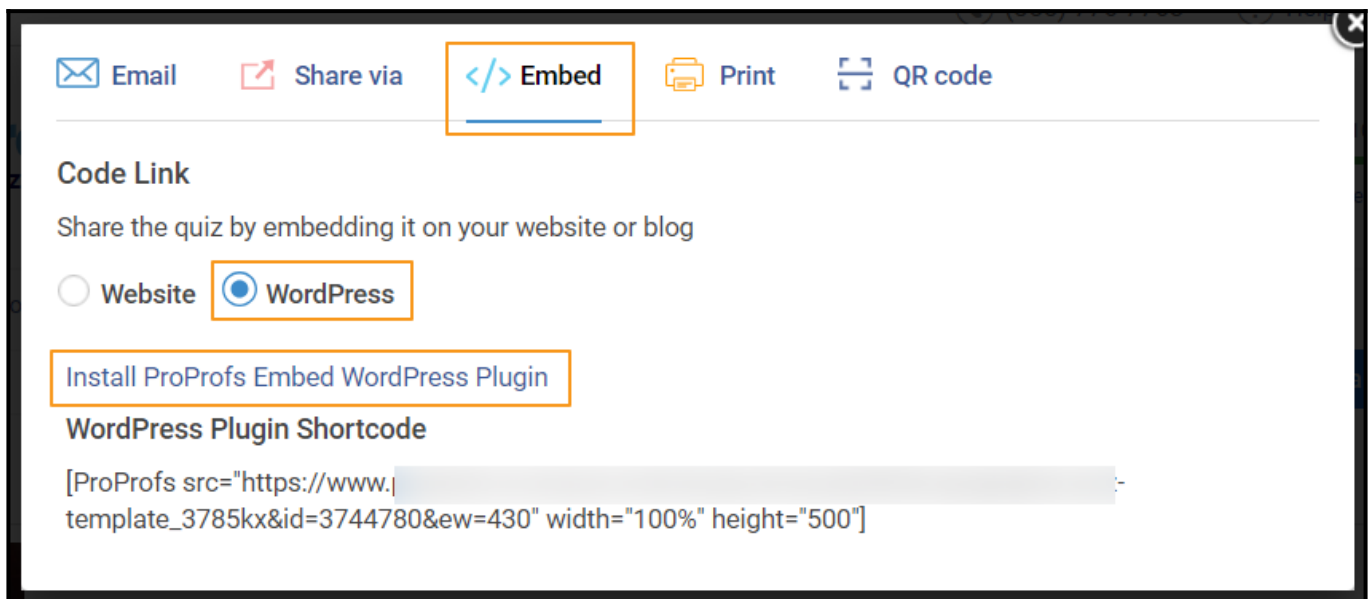

The screenshot shows the 'Embed' section of the ProProfs interface. At the top, there are navigation options: 'Email', 'Share via', 'Embed' (highlighted with an orange box), 'Print', and 'QR code'. Below this is the 'Code Link' section, which instructs users to share the quiz by embedding it on their website or blog. Two radio buttons are present: 'Website' (selected and highlighted with an orange box) and 'WordPress'. A light blue box contains the following HTML code:

```
<iframe name='proprofs' id='proprofs' width='100%' height='100%' frameborder=0 marginwidth=0 marginheight=0 src='https://template_3785kx&id=3744780&ew=430' allow='camera *;microphone *;fullscreen;'> </iframe>
```

 Below the code box, there are input fields for 'Size' (set to '100% x 100%'), 'Width' (in 'px'), and 'Height' (in 'px').

You can embed your quiz on your WordPress site or blog by installing the plugin. [Learn more.](#)

The screenshot shows the 'Embed' section of the ProProfs interface, similar to the previous one but with 'WordPress' selected. The 'Embed' button is still highlighted with an orange box. The 'WordPress' radio button is now selected and highlighted with an orange box. A button labeled 'Install ProProfs Embed WordPress Plugin' is highlighted with an orange box. Below this is the 'WordPress Plugin Shortcode' section, which shows the following shortcode:

```
[ProProfs src="https://www.|[redacted]|template_3785kx&id=3744780&ew=430" width="100%" height="500"]
```

4. Print- Another quick way to share quizzes is by taking the printout and sharing it physically with learners. You can choose any of the printing options, preview it, and download as a PDF or take a printout. [Learn more.](#)

The screenshot shows the ProProfs Quiz Maker interface. At the top, there are navigation options: Email, Share via, Embed, Print (highlighted with an orange box), and QR code. Below this, the 'Print Quiz' section is visible, with five radio button options: Quiz only (selected), Quiz + Feedback, Quiz + Answer, Quiz + Answer key, and Quiz + Answer + Feedback. To the right, a preview of a 'Geography Quiz' is shown, featuring a globe and a question: 'Q.1) Which ocean lies between Africa and Asia?'. A 'Preview Full Screen' button is highlighted with an orange box. At the bottom, there are two buttons: 'Print' and 'Preview Full Screen'.

5. QR Code- You can download and share the QR code to access the quiz on mobile devices on the go. [Learn more.](#)

The screenshot shows the ProProfs Quiz Maker interface with the 'QR code' option selected. On the left, there is a QR code. To its right, the text reads: 'Download a QR code you can share with your quiz takers to provide them access to your quiz on their mobile devices.' Below this text is a 'Download QR Code' button, which is highlighted with an orange arrow.
