

How to Create a Cloze Test

A cloze test is a great way to check if your students really understand the words and the situation they're used in. Recommended question types you can use to create a cloze test: **Fill in the blanks** and **Drag and drop text**.

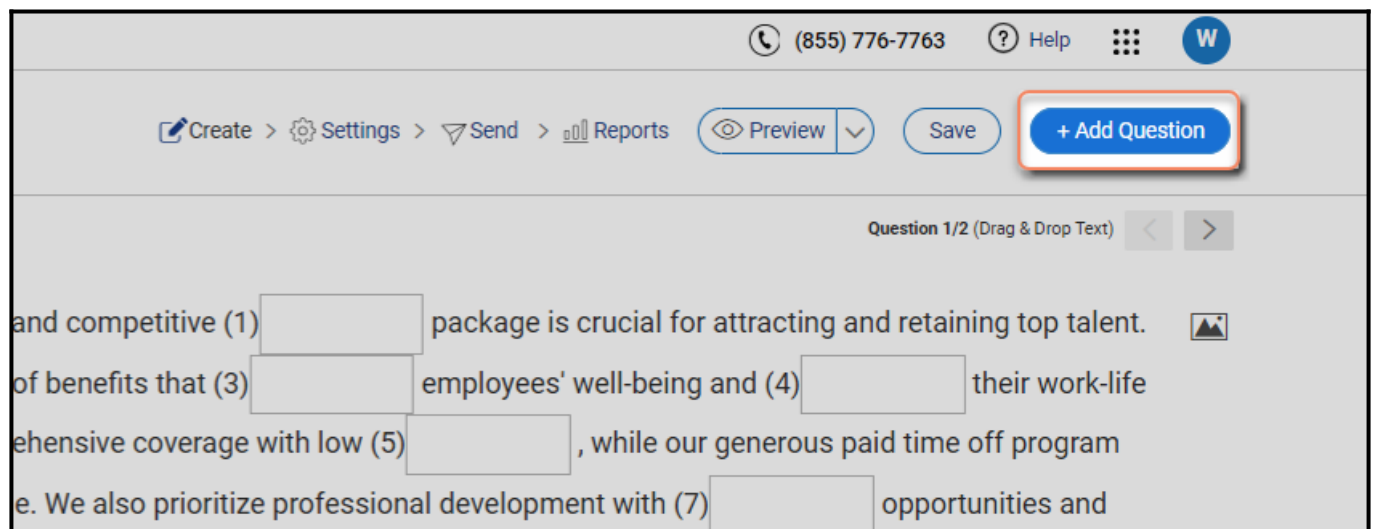

Here's a preview of a cloze test with drag-and-drop and fill-in-the-blanks question types:

Benefits of using the cloze test:

- **Improves reading comprehension:** It helps learners infer the meaning of words from the context and improves their ability to grasp the main idea of a text.
- **Enhances vocabulary skills:** It exposes students to new words and phrases and helps them expand and use their vocabulary.
- **Engages learners in active learning:** It challenges students to think critically and creatively and motivates them to participate actively in the learning process.

To create a cloze test:

1. Click **Add Question** in the quiz editor.

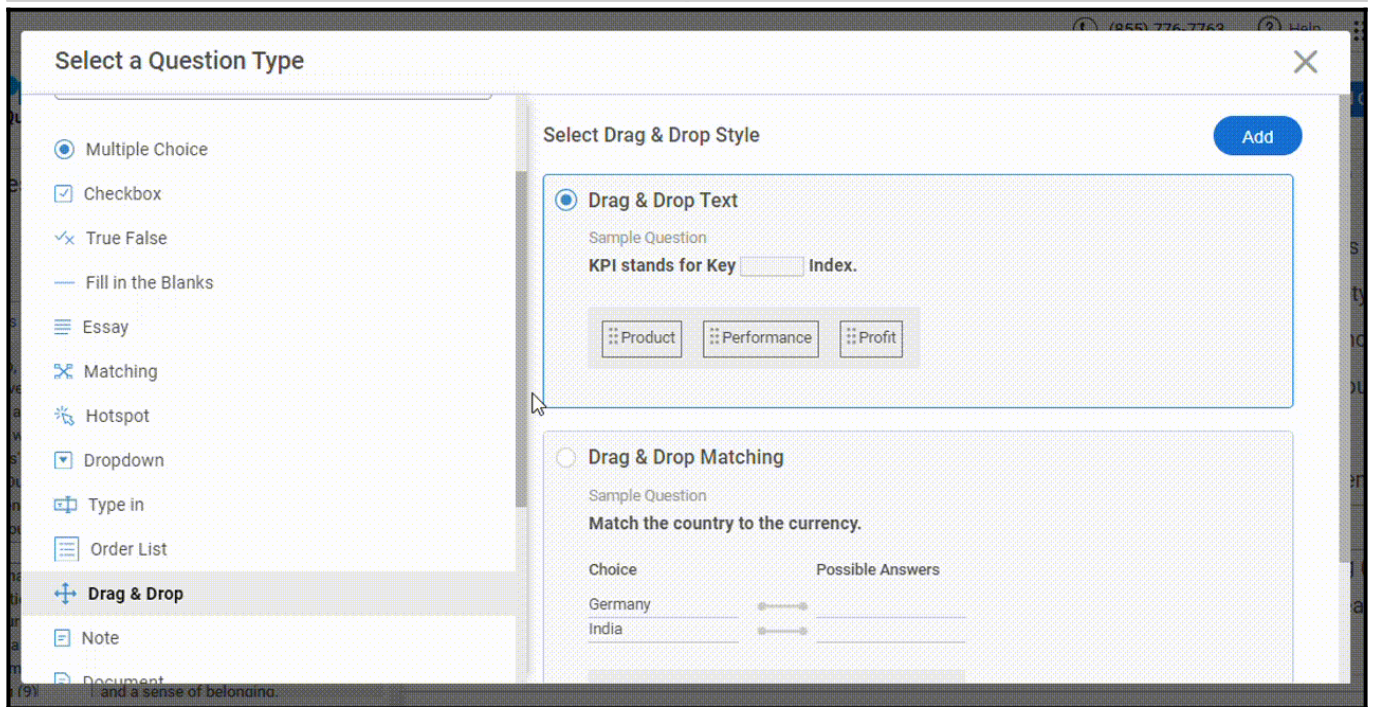

2. Select any of the following question types:

- **Drag & Drop > Drag & Drop Text** and click **Add**.

OR

- **Fill in the blanks** and click **Add**.

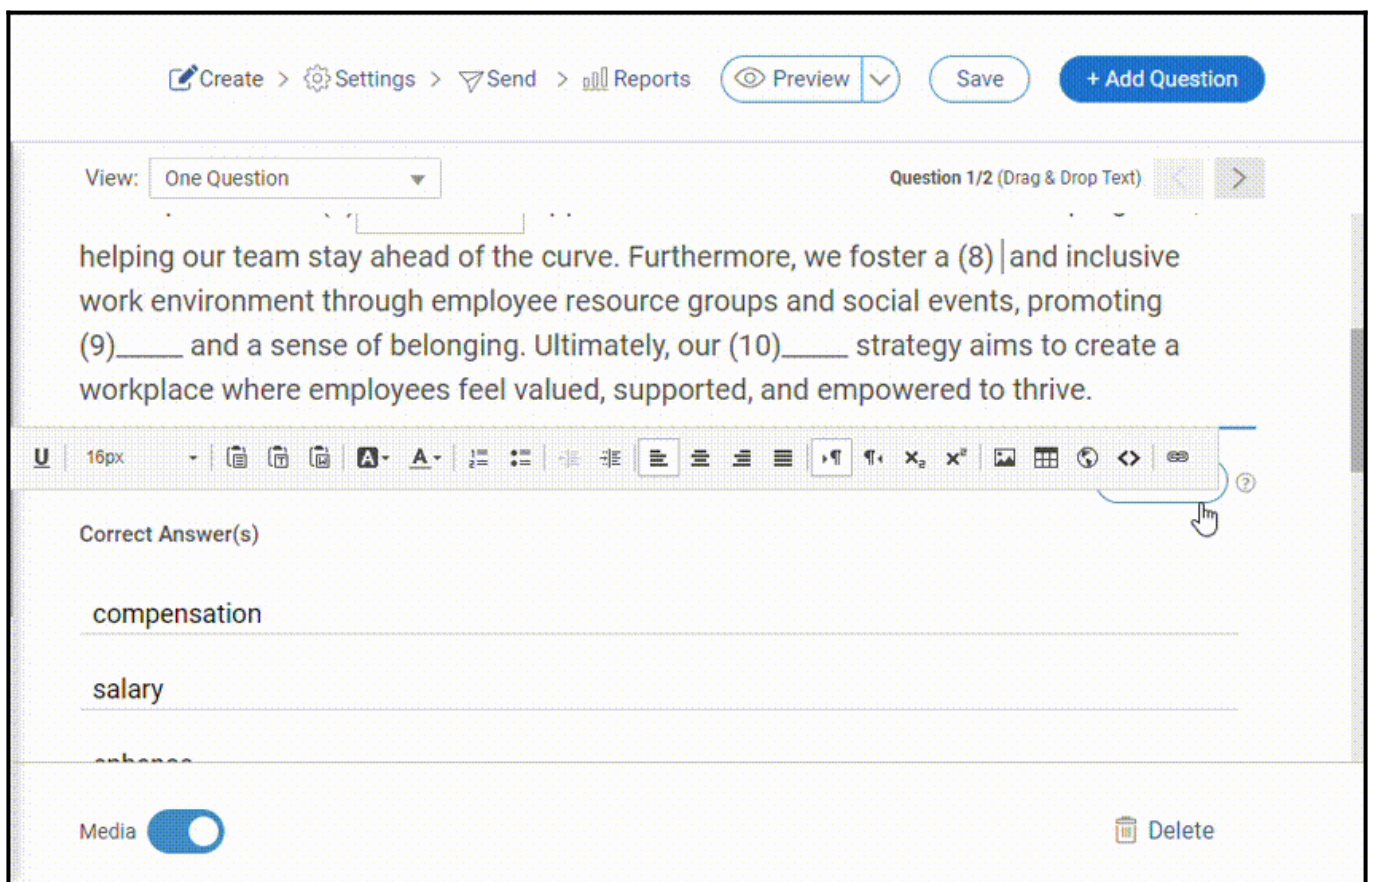

3. Compose your cloze test **question**, incorporating **blank spaces** at appropriate points.

Encourage learners to complete these blanks using either:

A- The drag-and-drop technique (for the drag-and-drop question type), or

B- Manually filling them in (for the fill-in-the-blanks question type).

Once done, you can preview your question.

Drag-and-drop Question

Question 1 / 2 50 %
